## MARTIAL LAW TO BE APPLIED IN MANY PARTS OF IRELAND

Premier Lloyd George Announces Britain's Determination To Stamp Out Revolt

Will Disarm Every Person Within The Military Zone

Persons Holding Firearms After Search Will Face Grave Charge

(By Associated Press)

London, December 10.—Martial law is to be applied in certain areas of Ireland, Premier Lloyd George announced in speaking in the House of Commons today on the Irish situation.

The government has decided to give safe conduct to Sinn Fein members of the House of Commons, so that they may meet with the government to discuss the Irish question, the Premier said.

Safe conduct would not be granted, he said, to those members who had been involved in the commission of serious crime.

In making the announcement regarding martial law, the Premier said the government had been driven to this action in view of recent incidents, and that it must take stronger action in certain disturbed areas.

Under martial law, said the Premier, a proclamation would be issued demanding all arms and uniforms be surrendered within the prescribed areas by a certain day.

After that date, unauthorized persons found possessing arms would be treated as rebels and be liable to the death penalty on conviction by a military court.

The government, said Mr. Lloyd George, was regrettably convinced the section of the Irish population which controls "the organization of violence, murder and outrage" was not yet ready for real peace which contemplated an acceptance of an unbroken unity with the United Kingdom.

The government felt, continued the Premier, it had no option but to continue and intensify its campaign against that "small but highly organized and desperate minority" which was using murder and out rage in order to obtain the impossible and which could bring neither peace to Ireland nor to Great Britain.

## MARTIAL LAW IS PROCLAIMED

(By Associated Press)

Dublin, December 10.—Martial law was proclaimed from Dublin Castle today in the city and county of Cork, the city and county of Limerick and the counties of Tipperary and Curry.

## WILL CONFINE TO SOUTH-WEST

(By Associated Press)

London, December 10.—The martial law to be instituted in Ireland as announced by Premier Lloyd George will be applied to a limited area in the southwest of Ireland where the government states that lawlessness and out rage are especially prevalent.

## HOW EUROPEAN NATIONS HONORED UNKNOWN HEROES

Italian king and notables ascending Alter of the Country at Rome, above; French troops in Paris bearing body through Rue de Verdun.

These photos, just received from Europe, show how the allied countries honored their heroes on Armistice day. Italy held its Armistice day celebration on November 4, the anniversary of the capitulation of the Austrian army. King Victor Emanuel, the

queen, the prince and princess and other high dignitaries participated in the celebration. In the upper photo the king (in the lead) with the queen and queen-mother at his side and the heir to the throne and the princess behind them, are shown during the

celebration in Rome. Below is shown how France paid homage to its dead by burying in Paris with impressive ceremonies the body of a hero, unknown. Thousands of World War veterans marched in the cortege which bore the body through the streets.

## MAKING PLANS FOR BLOCKADE UNDER LEAGUE

Economic Measures to be Used Against Offending State To Be Formulated

Speeding Up Action to Complete Work by End of Next Week

(By Associated Press)

Geneva, December 10.—Machinery for putting the economic blockade into effect when occasion should call for such action was discussed by the Assembly of the League of Nations at this morning's session.

The proposed machinery, intended as a weapon against an offending state, consists of an international blockade committee of eight members appointed by the council to study the subject of application of the blockade.

President Hymans announced it had been decided that in order to complete the work of the Assembly by the end of next week, speeches should be reduced to ten minutes each and two sessions held daily, beginning Monday.

## GOVERNMENT WILL NOT AID

(By Associated Press)

Chicago, December 10.—Opposition to any degree of government participation in Export financing unless it is shown to be "absolutely necessary" was expressed by Senator Edge of New Jersey in an address before the conference of bankers, business men and producers which convened here today to consider origin of a \$100,000,000 export financing corporation.

## SAYS EUROPEAN NATIONS DUMP REDS INTO U. S.

Lack of Tonnage Alone Keeps Millions From Coming to U. S.

Existing Agreements With Japan Safeguarded by Amendment

(By Associated Press)

Washington, December 10.—Charges that foreign governments "are financing the movement of radicals from several countries in Europe to the U. S." were made today by Representatives Knutson, republican, Minnesota, who opened debate in the house on the Johnson bill placing a two year restriction on immigration.

"Spain is a seething mass of anarchy," Mr. Knutson declared, "and its government is dumping it on the United States. We have more now than we know what to do with. We ought to deport them."

He added if tonnage were available from 10,000,000 to 15,000,000 would migrate to America within a year.

An amendment to the pending immigration bill designed to safeguard the existing agreements with Japan regarding immigration from that country was approved by the House immigration committee. Chairman, Johnson said the amendment would not in any way let down the bars against Japanese immigrants.

## THREE MEN ARE LYNCHED IN WEST

Santa Rosa, California, Scene Of Deadly Work of Quiet Mob During Night

Trio Accused of Murdering Officers Hanged in Cemetery

(By Associated Press)

Santa Rosa, Cal., December 10.—George Boyd, Terrence Pitts and Charles Valento, accused of having murdered Sheriff James A. Petray, of Sonoma County, and Detectives Miles K. Jackson and Lester M. Dorman here Sunday afternoon last were taken from the county jail here early this morning and hanged.

At 12:30 o'clock this morning, a mob of about 100 men, all wearing black masks, entered the jail, overpowered the officers there, took the keys and removed the prisoners to waiting automobiles.

Fifteen machines carried the party. They moved swiftly down the street to a cemetery three blocks beyond the city limits. Rope had been prepared.

The men were taken from the machines and hanged to an oak tree inside the cemetery. Headlights of three automobiles were used to light the tree selected for the hanging.

Not more than five minutes were required by the mob to enter the jail, overpower the officers and remove the prisoners. Within fifteen minutes, the three alleged gangsters and murderers had been lynched.

For another fifteen minutes, while the bodies dangled from the oak tree in the glare of the automobile headlights, the mob waited at the scene to make certain its grim task was completed. Then its members departed, leaving the bodies swinging in the darkness.

The three men lynched were ex-convicts, Boyd having served two years, Pitts, three and Valento, one Boyd and Valento had been identified last Monday by three young women as members of a gang which attacked them at a house in one of the most densely settled sections in San Francisco.

Three steel doors had to be unlocked by the mob leaders to remove Boyd. He was on the ground floor, Upstairs, Pitts and Valento were in cells. The mob henchmen went through two steel doors and took them too.

There had been no confusion, no hurry and no opposition. Even the nooses were tied with the expert hangman's knot.

All had been pre-arranged even to asphyxiate torches to burn the locks off the cell doors if necessary.

The three men when taken from their cells were only underwear. This proved to be their death-garb.

The oak tree had been selected earlier. Over one limb hung three ropes and at the end of each was a noose tied with the "hangman's knot" that fits behind the left ear.

Boyd went along without a struggle. He made no comment. Valento expostulated but not vehemently. Pitts fought to escape his fate. They gagged him with a towel.

Rain drizzled down as the silent executioners hanged the men to the limbs of the old oak. Until nearly three o'clock the bodies dangled there

Edward Horemans.

Edward Horemans, noted Belgian billiard star, has come to the U. S. to show his class with the cue. Willie Hoppe, king of the balk line game for years, wants to meet the new star.

while hundreds of townspeople came to see what the mob had done.

Automobile lights cast splashes of brightness into the gloom that hung over the cemetery with its new dead and its old. Rain dripped through the oak leaves upon the bodies.

Officials today said no members of the mob had been identified.

## WILL GO AFTER GERMAN CABLES

(By Associated Press)

Washington, December 10.—Co-operation between the state department and the senate foreign relations committee to obtain recognition of the United States in distribution of German cables ceded to the allies and associated powers under the Versailles treaty, was arranged for today at a conference between the committee and acting secretary Davis.

## GERMAN BORDER TRAFFIC ENDS DUE TO RUMORS

Reports Indicate Serious Internal Trouble Brewing in Germany

Rumors Are Not Confirmed By Officials.

(By Associated Press)

Brussels, December 10.—The news paper Le Peuple announced that railway traffic has been suspended in both directions between Belgium and Germany since yesterday afternoon, and there is talk of a German coup d'etat.

The Belgian Minister of Foreign Affairs, however, states he has no confirmation of this rumor.

## NOBEL PEACE PRIZES GIVEN

(By Associated Press)

Christiana, Norway, December 10.—Presentation of the Nobel peace prizes for 1919 and 1920 awarded to Leon Bourgeois, of France and Woodrow Wilson, took place here today.

A message from President Wilson was read at the presentation by the American minister to Norway.

## NOT RID OF WAR

Washington, December 10.—President Wilson in his letter accepting the Nobel Peace prize which was read today at the presentation ceremonies at Christiana said that if this were the last peace prize to be offered he could not accept it "for mankind has not yet been rid of the unspeakable horror of war."

In the years to come, the president added, there would be "abundant opportunity for others to distinguish themselves in the crusade against hate and fear and war."

Terrific Shocks in Honduras Reported to San Salvador

Twenty-five Tremors Shake Carinto and Surrounding District.

(By Associated Press)

San Salvador, Republic of Salvador, December 10.—Terrific earthquakes have occurred in southern Honduras, according to reports received here today, but details are lacking.

Very violent shocks also were felt Wednesday in cities in western Nicaragua 25 earth tremors shaking Carinto. The loss of life and extent of the damage caused by the quakes is not known.

## HUGHES GUEST OF SENATOR HARDING

Former Candidate for President Holds Conference at Marion

Rumors That Hughes is To Be Secretary of State Revived

(By Associated Press)

Marion, O., December 10.—President-elect Harding began his conferences on plans for an association of nations with a long talk today with Charles E. Hughes, presidential nominee four years ago, in which the whole question of American relations in Europe was surveyed in detail.

Afterwards neither would reveal whether any conclusions were reached. Mr. Hughes says merely "important questions" of foreign policy had been considered in the light of changing world conditions.

While the conference was in progress Colonel Geo. Harvey, the New York publisher, arrived unannounced and later motored to Columbus to with Mr. Harding and Mr. Hughes where the three had lunch with Mr. H. M. Daugherty.

The fact that Mr. Hughes was the first republican leader to be summoned into conference revived rumors he was being strongly considered for Secretary of State.

## SEEK TO REPLACE WAR-TIME LAWS

(By Associated Press)

Washington, December 10.—Repeal of war-time laws will be considered by the house as soon as disposition is made of the immigration bill, republican leaders agreed today. It is planned to begin debate on the repeal proposal the first of next week.

## INTERNATIONAL TO FACE ACTION BY GOVERNMENT

Collusion in Price-Fixing Is  
Charged by Trade Commis-  
sion.

(By Associated Press)

Washington, December 19.—Reopen-  
ing of the government's anti-trust suit  
against the International Harvester  
Company and the institution of "judi-  
cial proceedings" against a number of  
associations having to do with farm  
implements is recommended by the  
Federal Trade Commission in its an-

nu-  
al report presented today in the  
senate.

The Commission says the increase  
of 73 percent in prices of Farm Im-  
plements from 1914 to 1918 is "in part  
due to price understandings or agree-  
ments between Manufacturers and to  
a more limited extent the same is true  
of dealers."

## SUSPEND RATES TEMPORARILY

(By Associated Press)

Washington, December 19.—Opera-  
tion of the provision in the Merchant  
Marine act allowing preferential rates  
on goods destined for export in Amer-  
ican ships was indefinitely suspended  
today by the shipping board.

It was announced however, that as  
soon as adequate shipping facilities be-  
came available at certain ports prompt  
enforcement of the provisions would  
be made.

## MANUAL TRAINING CLASS ORGANIZED

To create interest in manual train-  
ing there was organized at the Y. M.  
C. A. Thursday evening with eleven  
members, a Model Airplane Class.

Boys' Secretary Marquis will have  
charge. The class plans the construc-  
tion of a model airplane, three feet  
long, and patterned after the Curtiss  
Bomber.

It is also planned to have the class  
do practical work, such as the con-  
struction of small tables, chairs and  
other things which may be of use  
in their homes.

## BIG DIFFERENCE IN TEMPERATURE

There was a difference of thirty de-  
grees in the temperature Friday com-  
pared with a year ago, according to  
the official figures of Weather Observ-  
er William Arthur.

On December 10th, 1919, the ther-  
mometer registered seven above ze-  
ro while Friday it did not go lower  
than 37.

A year ago this time was one of  
the coldest periods we experienced  
last winter.

## IN HODSON HOSPITAL WITH FRACTURED LEG

While playing base ball after school  
Thursday evening, Norman White,  
fourteen year old son of Mrs. Mary  
White, of Jeffersonville, received a  
broken leg.

It is reported that he was knocked  
down when he and another boy ran  
together. His left leg was fractured  
above the ankle.

About seven o'clock Thursday even-  
ing he was brought to the Hodson  
Hospital in this city.

## MEXICAN CATHOLICS ATTACK RADICALS

Mexico City (By Mail)—The Catho-  
lic clergy of Mexico which recently  
held an extended conference in Mex-  
ico City has just made public a pas-  
toral letter which attacks radicalism.  
The newspapers announce that this

is the beginning of an active cam-  
paign which the church has inaugu-  
rated.

The letter asserts that soviet and  
socialistic propaganda has become so  
aggressive in Mexico that "it is nec-  
essary to combat ideas with other  
ideas" and for that reason an extend-  
ed list of questions and answers are  
set forth.

The Archbishop of Mexico, who is  
head of the clergy in the republic,  
has given his sanction to the cam-  
paign and intimation is given that as  
soon as the work is started in Mex-  
ico it will be extended first to Guat-  
emala and then to other Central  
American republics.

One of the plans projected to de-  
feat sovietism is the organization of  
numerous societies of Catholic work-  
men.

## NEW GOVERNMENT IN MESOPOTAMIA WILL BE COUNCIL

(By Associated Press)

London, (By Mail)—A new plan of  
government for Mesopotamia announ-  
ced by Andrew Bonar Law in the  
House of Commons provides that the  
Arabs shall be governed by Arabs.  
While an electoral law for the crea-  
tion of a representative Mesopotam-  
ian congress is being drafted, the  
country is to be administered by a  
Council of State, composed of native  
dignitaries and subject to the guid-  
ance of the British High Commis-  
sioner, Sir Percy Cox.

The Naqib of Bagdad has been in-  
vited to form a Council of State of  
about 18 members, with himself as  
president, until the National Assem-  
bly can meet and decide on the future  
form of government.

The Council will be representative  
of all parts of the country. One mem-  
ber is a leading Christian of Bagdad,  
and one of Mosul. A third is a prom-

inent Kurd; a fourth is the head of a  
leading Shia family of Bagdad and  
two others are influential Shia sheikhs.

## HOME IS SADDENED BY DEATH ANGEL

The home of Mrs. Anna Ashbaugh  
of the Rock Mills road, was deeply  
saddened, Friday morning when the  
daughter, Miss Elma F. Walls, aged  
eighteen years passed away at the  
Fayette Hospital following an opera-  
tion, Thursday afternoon.

The body was removed from the  
hospital to the McCoy Undertaking  
Parlors and prepared for the burial,  
later taken to the home where funeral  
services will be conducted, Sunday  
morning at nine o'clock. Interment will  
be made in the Latham cemetery in  
Pike county.

Miss Walls leaves besides a mother,  
a sister Zelma and half brother, Homer,  
a large circle of friends, who are  
regretting to learn of her death.

## PREDICT RETURN OF THE MONARCHY

(By Associated Press)

Berlin, (By Mail)—The time for the  
return of the monarchy will come  
when the German people will have  
"drained to the dregs the blessings of  
the republican form of government,"  
says the Kreuz Zeitung, discussing the  
anniversary of the German revolution.  
The conservatives' organ adds "that  
the time is likely to come much soon-  
er than most people imagine."

The paper declares that the German  
proletariat in the past two years has  
been torn by dissensions which are  
constantly growing and that it is any-  
thing but a collective unit, in as much  
as a section of it prefers to celebrate  
the Russian revolution while the so-  
called reformists accept the German  
revolution as marking a new era.

## MEXICO PREPARES TO EXPORT SUGAR

(By Associated Press)

Mexico City, (By Mail)—Encourag-  
ing reports have been received here  
from the states of Sonora and Sinaloa  
where the return of prosperity is not-  
ed by the announcement that these  
states expected to export 15,000 car-  
loads of agricultural products to the  
United States within the next few  
months.

It is said that the state of Sinaloa  
will have at least 2,000 tons of refined  
sugar available for export. The  
railroads of the region are making  
great effort to provide the necessary  
transportation facilities.

## FIND OFFICER WAS BEGGING

Budapest, (By Mail)—The police  
in clearing streets of beggars have  
arrested Dr. Stephen Balkanyi, a  
clerk in one of the government de-  
partments, who masqueraded as a  
beggar every evening and taking  
his stand at a crowded street corner  
asked for an alms. When searched

30,000 crowns were found in his cloth-  
ing, the result of 3 days begging.

The only circumstance which he  
quoted to his defense was: "I am  
cursed with an extraordinarily good  
digestion and as my government  
salary proved too small for my big  
appetite, I was obliged to turn to a  
more lucrative profession."

If men were compelled to bury  
their faults the undertakers would

## URGE EMBARGO ON IMPORTATION OF SHEEP AND WOOL

(By Associated Press)  
Washington, December 9.—An embargo on wool and sheep importation was urged before the House Ways and Means and the Senate Agricultural Committees today by representatives of the wool growers.

Such legislation was necessary, they said, to save a great industry threatened by the collapse of the wool and sheep market.

There is now in storage in the United States 996,000,000 pounds of wool, the Senate committee was told, enough for two years supply. Wool imported from the Argentine, it was said, is selling in America at nine cents a pound, while it costs the American producer six cents a pound to market his product.

Retailers were attacked by J. W. Walker, secretary of the Ohio wool growers for not reducing prices in proportion to the decline for producers. Tennant farmers, added have been ruined by the sudden drop in prices.

## SPEAKERS VOICE OPTIMISM OVER FARMERS' FUTURE

(By Associated Press)  
Kansas City, December 9.—Farmers of the United States face a new era, which will be marked by a steady improvement in marketing conditions despite the present discouraging low price of farm products, speakers declared here today at the opening session of the fifteenth annual international farm congress.

Farmers were warned of the danger of cutting production. Marketing of products on hand, rather than future production plans, drew the principal discussion.

Condemnation of the conditions which brought about the decline in prices of farm products was voiced by speakers. Transportation was blamed by some for inability to market products when prices were higher and boards of trade generally were denounced for contribution to falling prices.

## FORMER CHOIR BOY GOES TO SCOFFOLD WITH SONG ON LIPS

(By Associated Press)  
Chicago, December 9.—Nicholas Viana, former choir boy, whose 19th birthday will come to an end a few minutes after eight tomorrow morning, when he is hanged for murder, gave a farewell concert for fellow prisoners in the jail today.

Singing the "Miserere," Viana marched through the jail corridors en route to the death cell.

Viana is known as a "songbird" of the jail. He has entertained the prisoners daily for months. He was convicted of participation in several murders committed by the notorious Cardinella gang.

## ELIHU ROOT AND SEN. FALL HOLD A LONG DISCUSSION

(By Associated Press)  
Washington, December 9.—Speculation regarding the probable attitude of the Harding administration toward a peace concord of nations was revived today by a long conference between Elihu Root, former Secretary of State and Senator Fall of New Mexico.

Mr. Root spent five hours in conference with Senator Fall, but it was denied that the peace policies of the next administration were discussed.

## TOBACCO GROWERS DEMAND CLOSING OF BIG WAREHOUSES

(By Associated Press)  
Owensboro, Ky., December 9.—Serious outbreaks are threatened here because of the condition of the tobacco market low prices, which, it was said, threatens the farmers of the Green River district with bankruptcy.

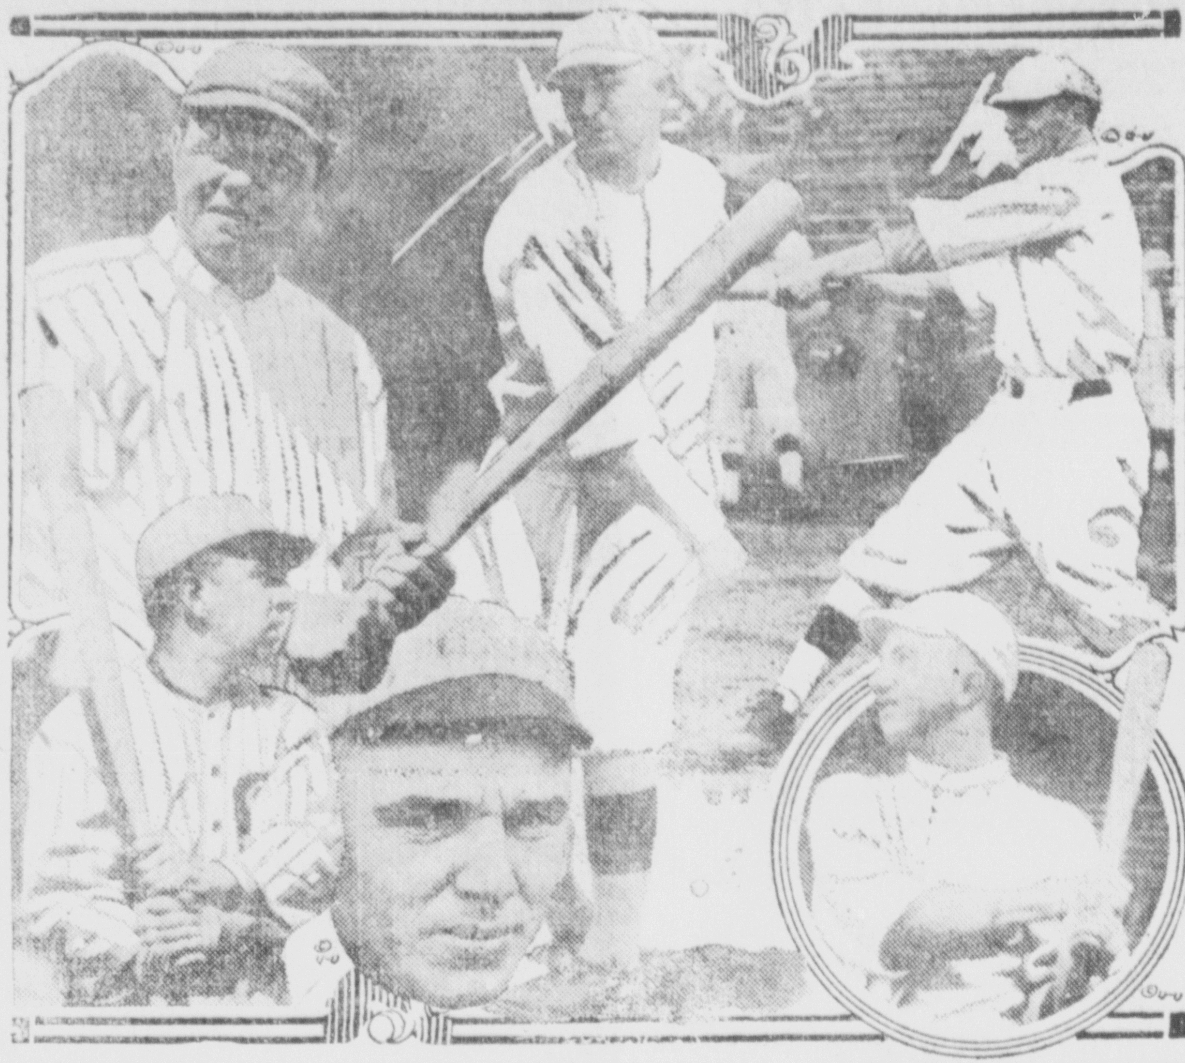

Five hundred tobacco growers marched in a body to the loose leaf ware houses today, where they demanded that the owners close their places of business until better prices could be realized. Five of the seven ware houses have agreed to close.

## INVESTIGATING COAL PRICES IN COLUMBUS

(By Associated Press)  
Columbus, December 9.—Federal investigation of retail coal prices in this city is under way. Two government agents have been detailed by United States District Attorney Clark Cincinnati and if evidence gathered by them warrants action, Mr. Clark stated today the grand jury now in session will be given possession of such data as is gathered.

Usually the people who make the most imposing show impose on others in order to make it.

## WILL ANY OF THESE STARS BE SOLD THIS WINTER?

## FORMER KAISER MUST PAY HEAVY TAX ON INCOME

(By Associated Press)  
Dorn, Holland, (By Mail)—Revelations in the Prussian state legislature at Berlin of the sums of money which the former German Emperor has been permitted to draw from Germany during the past two years, together with the announcement that the Dutch government will tax him for an annual income of 13,000,000 guilders have caused the burghers of Dorn to speculate as to what he does with all this money. (Nominally a guilder is worth 40 cents.)

From Germany the former Emperor is said to have drawn 1,000,000 guilders, equivalent at present rates of exchange to 11,138,000 German marks, also the proceeds of the sale of some of his property in the Wilhelmstrasse, said to be 40,000,000 marks. Besides all this income the Prussian government has contributed additionally to the furnishing of his new house at Dorn.

For a long time William complained of being financially embarrassed. Now, however, according to the people of Dorn, he appears to be living in high style.

Not counting his marshal, General von Gontard and other members of his immediate suite, approximately 50 servants are now employed to keep up the house of Dorn. This does not include the workmen who are still engaged in various repairs, about the house and grounds.

There are 24 charwomen, who are kept busy polishing the floors, brass-work, and other wise keeping the castle up to the standard of old German cleanliness demanded by the former Empress Augusta Victoria. They receive the equivalent of about a dollar a day. Ten of them live in the castle.

In all, William now employs six cooks, who include a chef and an assistant living at the castle and four women who come in to work by the day. There are also a number of gardeners and personal servants.

## WOMAN'S HOCKEY TEAM ATTRACTS MUCH ATTENTION

(By Associated Press)  
London, (By Mail)—The American Women's Hockey team has been cordially received in England and newspapers have devoted columns to its members, not because of their smartness in play but what writers term their sportswomanly and pleasing personalities. When they arrived they frankly stated they had come to learn more of the game from the experienced Britishers and they proved "good losers" in their early matches.

Much has been written about the American costumes. The English girls wear their playing skirts well above the knee and were surprised to see the Americans come onto the field in skirts far below the knee. The short skirts undoubtedly gave the Britishers an advantage in the early games. The skirts, smart sweaters and "permanent waves," the latter admitted by some of the Americans, came in for more comment from the newspapers than details of the play.

In the first games the Americans showed to disadvantage in "nursing" the ball in which the English girls are so proficient but they have tried to improve their game in that respect.

## GERMAN BUDGET SHORT OF INCOME

(By Associated Press)  
Berlin, (By Mail)—German budget estimates for 1920 submitted to members of the Reichstag, call for the expenditure of 41,000,000,000 marks in connection with the execution of the peace treaty. This is part of the extraordinary budget which totals 52,500,000,000 marks and for these purposes the estimated revenue is only 2,200,000,000; so that some 50,000,000,000 marks must be raised by loan.

The ordinary budget as estimated amounts 39,500,000,000 marks of this sum the income tax is expected to produce 12,000,000,000 marks but 8,000,000,000 of it must be paid over to the federal states. The levy on capital is estimated to produce 3,500,000,000 marks and the non-recurring war levy on increases in the value of property, 10,000,000,000 marks, but of the latter sum only 4,500,000,000 can be credited to this year's budget. The returns from customs and excise are expected to produce 9,100,000,000 marks.

## EARLY COMPLETION OF BIG SEA WALL ABOUT GALVESTON

Galveston, Texas.—The east end extension to Galveston's great sea wall will be completed by August 1, 1922, predicts Major L. M. Adams, U. S. A., engineer in charge of the work. To date 9,110 feet have been constructed, while about 1,200 feet remain to be built. The project is being built at the expense of the government.

Comparative figures for the original wall and for the extension now under construction show that post-war conditions have laid an almost prohibitive hand upon great engineering projects.

To complete the east and west extension, the rivers and harbors committee at Washington has been asked to appropriate \$1,500,000. The original sea wall—approximately five miles in length—built after the disastrous 1900 storm in which thousands of persons lost their lives and millions of dollars in damage done, cost only \$2,000,000.

## MINE WORKERS PROTEST A CUT IN THEIR WAGES

Indianapolis, Ind.—The United Mine Workers of America will not permit any reduction in the wages of cording to the December first issue of the United Mine Workers Journal. This policy is stated in connection with a discussion of the movement among employers throughout the country for a reduction of wages in the various industries. In the article, John L. Lewis, international president of the miners' union, is quoted as follows:

"Under no circumstances will we permit reduction in the wages of the mine workers of the country. There is not going to be any return to pre-war wages or conditions. Any reduction in wages is an economic mistake. It never produces any good result. What the mine workers have today we are going to hold, and we propose to continue to make progress instead of going backward."

## NEED UNIVERSAL LANGUAGE GROWS

(By Associated Press)  
Stockholm, (By Mail)—Need of the adoption of an international language for the furtherance of international communication has been pointed out in a petition to the King by the Northern Peace Union of Stockholm.

The union has had an inquiry made into the question which resulted in a great majority of neutral philologists, business men and men interested in international work recommending English as a world language.

The union therefore requests the King to take steps for the introduction of English as the fundamental foreign language to be taught in all staff-aided schools.

## WAGES OF GARMENT WORKERS TO STAND

(By Associated Press)  
Cleveland, December 10.—The wages of seven thousand union employees in the women's garment industry here will remain unchanged, under a decision handed down Thursday night by a board of referee.

The workers and the thirty-five large manufacturers will abide by the decision it is announced. The workers had demanded a wage increase of 15 per cent. The employers at first requested that wages be reduced 15 per cent.

## RANDOM NOTES

### SOCIAL : PERSONAL MENTION : CLUBS

"Upstairs in the ferry house of the Lackawanna Railroad waited the commuters for the departure of the Hoboken boat. Just opposite sat a small girl, evidently the week end guest in New York of a fond auntie, being conducted to her New Jersey home. The small girl's attention was fully occupied by her bright red leather purse.

"How much money have you in your purse, Jean?" inquired auntie.

"Nine cents," was the prompt and satisfied reply.

"And how much had you when you came on Friday?"

"Oh, I had nine cents then too!"

Happy Jean! To spend a week end in gay, purse-depleting New York and to carry home just what she brought with her! How many of use could resist the allurement of the big city and go home with 100 per cent of our savings in our pockets? The woman wondered if it was altogether the generous hostess, auntie, or if Jean had already discovered that some of the most satisfactory pleasures of our beautiful city are without money and without price.—New York Sun.

Interest in the following announcement carried in the Ohio State Journal society columns, will be shared by many friends of the very attractive bride-elect in this city, especially in the younger set, in which she is especially well known. Miss Rusk is a sister of Mrs. Pearce Ballard.

"Announcement has been made of the engagement of Miss Harriet Rusk, daughter of Mrs. A. P. Rusk, Zanesville, to Mr. Kenneth Quinby Pittsburg, son of Mrs. Edward M. Quinby, of Zanesville. The bride formerly made her home in this city."

The Thursday Kensington Club spent a delightful afternoon the guests of Mrs. Henry Sparks, a most cordial and stimulating hostess. Mrs. Elmer Klever, Mrs. Frank Hutson and Miss

Vera Veall were favored outside guests.

Potted plants were used in decoration and Christmassy ideas prettily used in the dainty collation served.

Steps to meet the present unemployment situation resulting from the period of industrial adjustment through which we are passing are being taken by the Young Women's Christian Association in connection with its industrial department.

Realizing that the situation is a temporary one, secretaries and directors in the large cities and industrial centers have been urged by New York headquarters to make special provision for meeting the emergency. Workers are requested to enlist to ascertain the extent of unemployment among women and girls.

Shop-to-Shop canvas, as well as a complete survey of all isolated positions, is urged in order to secure as many new openings in employment for girls as possible. Openings in the field of domestic service may solve a part of the problem, the Association believes. On the other hand insistence is laid by the organization that proper standards be maintained in this field of service, to prevent any return to inadequate wages or unlimited hours which have characterized domestic service in the past.

Vocational guidance is to play an important part in the work. The Y. W. C. A. is to endeavor to secure more training for girls in order that the levels of their positions may be raised.

The Masonic Social Club dance of Thursday night passed off with its usual success and pleasure, attended by forty-five couples.

Harvey's five piece orchestra furnished splendid music, which was a largely contributing feature to the evening's enjoyment.

Mr. and Mrs. Ralph Browne, of Cincinnati, were in attendance and there

were guests from New Holland, Bloomingburg and Wilmington.

Anticipation is rife concerning the New Year's Eve dance, its masquerade features especially arousing interest.

In vitations have been issued for the marriage of Mr. Charles Dawes, second son of Mr. and Mrs. Rufus C. Dawes, of Chicago, and Miss Emily McCormick, which will be solemnized on the evening of January the third in Chicago.

Relatives and friends here have received invitations.

Mrs. Ada Snider of Staunton, complimented, Rev. and Mrs. Rose with an enjoyable six o'clock dinner Thursday evening.

Mr. and Mrs. Silas Wike and Miss Opal Marshall were additional guests, several expected from a distance being unable to attend.

The young women of Mrs. Bays Sunday School Class met at the home of Mrs. Wannita Wike Wednesday afternoon, and organized a Bible Class, with the following officers elected: President, Miss Blanche Roberts; Vice President, Mrs. Beulah Miller; Secretary, Mrs. Wannita Wike; Treasurer, Mrs. Nettie Wright; Press Reporter, Mrs. Orpha Wilson.

The next meeting will be held at the home of Mrs. Nettie Wright December the 29th.

Those present were Blanche Roberts, Lizzie Stokesbury, Verna Draine, Orpha Wilson, Nettie Wright, Beulah Miller, Mrs. Netta Bay, Wannita Wike, Miss Edith Moore acted as instructor.

Mr. and Mrs. Virgil Duff (nee Yvonne Baker) are announcing the birth of a nine pound son, Thursday, December ninth at the home of Mrs. Duff's parents, Mr. and Mrs. W. F. Baker near London. The baby has been named Donald Clark.

Mrs. Vernon J. Schwaltie arrived Friday morning from Dallas, Texas to visit her grand mother, Mrs. Lucy Sylvester and sister Miss Ruth Kelly until after the holidays. Mr. Schwaltie stopped in Cincinnati for a few days, and will join his wife later.

Mrs. Charles Stafford is spending Friday and Saturday in Greenfield, the guest of her sister, Mrs. D. F. Shimp at the home of Mrs. Shimp's daughter Mrs. John Dwyer.

Mr. Mark M. Gorton was in Columbus Friday, attending a meeting of the American Concrete Association at the Deshler Hotel.

Miss Ivalou Brown of near Milledgeville had as her guest Sunday Miss Alpha Mitchell.

Mrs. C. W. Cartwright and son Charles of Columbus have returned to their home after spending several days with relatives of this city.

Mr. and Mrs. Ray Fultz and son Marlin, of Jeffersonville, spent Sunday with Mrs. Fultz of Milledgeville.

Mr. and Mrs. William McClain, Misses Amy Conn and Helen Fretts are spending a couple of days in Columbus to see Robert Mantell in "Macbeth" and "Merchant of Venice." They will be joined Saturday by Miss Eleanor McClain and a party of her O. W. U. friends. Mr. McClain accompanies them to attend a meeting of the School Masters Club at the Chittenden Hotel.

Mrs. P. E. Wolford and daughter, Miss Wanda, were visitors in Columbus Thursday.

Mrs. Martin Badger has been called to Greenfield by the illness of her mother, Mrs. Williamson.

Mrs. John Sparger and son, and Mrs. Larkin, of Hillsboro, were guests of Mr. and Mrs. R. S. Quinn the first of the week.

Mr. J. M. Baker was a business visitor in Columbus Thursday.

## HOMER CHANDLER BROUGHT BACK

Homer L. Chandler was taken into custody Thursday afternoon at Circleville and returned to this city by Sheriff Hall and Deputy Sheriff Nelson to answer a charge of non-support filed by his wife.

Chandler, who is a brother of the young man recently sent up to Mansfield on a charge of carrying concealed weapons after having been implicated in the theft of an automobile in this city, was arraigned before Juvenile Judge Allen, Friday afternoon.

## HUNGARIAN THRONE CAUSES TROUBLE AND NOT SETTLED

(By Associated Press) Budapest, (By Mail)—The question, who will eventually occupy the throne of Hungary, has been a constant source of unrest and trouble, threatening a sudden upheaval of the recently attained peace and order.

The pro-Hapsburgs declare that the former Emperor Charles is the real king of Hungary and that no one else can legally aspire to the throne until he abdicates. The Independent Magyars, including large masses of the rural population, declare they will never surrender their recently won independence.

In addition there is a third group of politicians which is willing to offer the throne to any king who promises the restoration of Hungary's lost provinces. To achieve this, they would even consent to do homage to the King of the Serbs or the Rumanians.

Much propaganda is being circulated in favor of the former Emperor Charles or his eldest son, Prince Otto, and grave fears are expressed that the overzealous partisans of the Hapsburg dynasty may eventually succeed in compelling the country to accept royalists coup as an accomplished fact. There is every indication that the followers of Charles are successful in their efforts to convince the country that the restoration of the Hapsburgs would improve Hungary's lamentable situation.

## LITTLE CHANGE IN COAL PRICES

As far as could be learned Friday there has been no downward trend in the price of coal in this city, according to statements by three local dealers.

Dealers gave quotations on their coal that varied. One dealer stated that he was selling several grades of coal and that the price was from \$8.25 to \$10.75 per ton. Another dealer said his price on Ohio lump coal was \$8.75 per ton. This dealer said he was selling coal 25 cents lower.

The third dealer stated that he had no coal in his yard but that he had plenty on the tracks ready to unload. Hewas not able to give price quotation, he said.

Dealers are of the opinion that the city is very well supplied with coal and that unless there is a different turn to the coal situation there will be no embarrassment in receiving shipments.

In regard to price one dealer declared that while the price had remained unchanged that if the coal situation continued as in the past week or two there undoubtedly will be a lowering of the price.

## MOTHERS CLUB HAS BIG SALE

Cherry Hill Is First School To Report And Averages 25 Seals For Pupil.

Christmas Seals to the amount of almost \$70 were sold Thursday by the Mothers' Circle whose members held the seal sale booths all over the city. The Circle exceeded by many dollars their sale of last year and their sale Thursday was very successful. Mrs. Earl Barnett is President of the Circle.

The D. A. R. had charge of the seal sale Friday and the members of the organization held the posts loyally throughout the day.

Saturday is expected to be one of the biggest sale days and all efforts will be expended to reach the crowds of holiday shoppers. The high school girls, insisted by the Boy Scouts, will sell seals.

Cherry Hill Reports  
Cherry Hill handed in its report to Seal headquarters Thursday and is

the first school to report. The total amount represented the sale of 4,100 stamps and was an even \$41.00.

The sale averaged 25 seals per pupil. One boy alone sold 600. He paid in advance for his seals and then proceeded to sell them.

By selling over 4000 seals Cherry Hill more than doubled its last year's sale when 2000 were sold. Miss Cora McCafferty is school principal.

## LAND VALUE LOW IN ROSS COUNTY

Ross county, second largest county in Ohio, has an average land valuation of \$39 per acre, according to the 1910 tax duplicate while Pickaway has an average value of \$80 per acre and Clark county \$100 per acre.

The county auditors of this part of Ohio will meet in this city March 17th. It is announced.

## DARING AVIATORS DROP INTO THE SEA

Lisbon (By Mail)—Two Portuguese aviators, Captain Paes and Lieutenant Beires, who fell into the sea with their airplane 240 miles from Madeira while making a flight recently from Lisbon to that island, believe that they covered the distance of 535 miles to Madeira, but were unable to find it owing to a fog. They had abandoned the effort of locating the island and were attempting to return to Lisbon, when their gasoline supply was exhausted and the airplane dropped into the ocean. They were picked up and brought to Lisbon by a British ship.

After leaving Lisbon, the airplane had flown for six hours at an average speed of 102 miles an hour. When the failed to locate Madeira they headed back for Lisbon flying at a speed estimated at 144 miles an hour but had only proceeded 240 miles when the gasoline gave out. They managed to send out an S. O. S. wireless call just before plunging into the sea. They were in the water only a short time before being rescued.

## BODIES OF RULERS WILL BE MOVED

Rio De Janeiro, (By Mail)—The remains of the late Emperor Don Pedro II and those of his wife will be brought from Portugal to Brazil on the battleship of San Paulon that vessel's return from Europe, according to the announcement by the government. Several members of the family of the former Brazilian emperor are expected to return at the same time, this being made possible through the recent act of congress revoking the banishment decreed against them.

The Sao Paulo carried King Albert of the Belgians back to Belgium after he had visited Brazil.

## CLAIM GERMANY PLANNED TO OCCUPY UPPER SILESIA

Warsaw, (By Mail)—Evidence that Germany has planned army occupation of Upper Silesia if the proposed plebiscite in that territory should favor Poland, is said to have been given the allied governments by Poland.

Newspapers here have just published copies of documents said to have been intercepted by Poland. According to these, the sixth German army corps headquarters at Breslau was to equip an expedition. One detachment of this was to proceed into Silesia in the guise of demobilized soldiers and there they were to spread propaganda to support the German cause prior to the plebiscite. Other detachments were to mobilize 12 days before the day of voting and to wait at various points of vantage. If the plebiscite favored Poland, these forces were to wreck factories and other industrial institutions.

Aid was also to be given the German cause some way by secret league of former German officers and soldiers known as "Spree" the name of a river. This organization was to co-operate with the sixth army corps headquarters.

## TO GIVE MILLION AWAY EACH DAY

(By Associated Press)  
Warsaw, (By Mail)—One million marks is to be given away each week for 20 years by the Polish government as a premium prize for a state loan announced recently by the Ministry Finance and designed to raise 3,000,000,000 marks. Bonds of the loan are in denominations of 1,000 marks and bear four percent interest, the loan running 40 years.

This is the last discount day for gas and electric light bills.

## SCORES FORMER GERMAN RULER

(By Associated Press)  
Berlin, (By Mail)—The former Chancellor Hermann Mueller, comparing Wilhelm II and Frederick the Great in the Reichstag recently asked

"Do you think Frederick the Great would have deserted and fled to Holland? He would have died for his country in the front of his troops."

This caused a great demonstration by the Rights and a counter demonstration by the Lefts.

## PRESENTS GIVEN ROYAL VISITORS

Rio De Janeiro, (By Mail)—Handsome presents were given the King and Queen of the Belgians and to Crown Prince Leopold by the President of Brazil, in the name of the government before the royal party's return to Belgium after their visit here.

King Alfred was offered a valuable and varied collection of tourmalines. Presents to the Queen included five Brazilian brilliants of various colors in a background of Brazilian agate with locks of platinum and Brazilian diamonds. The brilliants were violet, rose, gold, turquoise and lettuce in color, the last two being extremely rare. The Queen also received a rare collection of Brazilian butterflys.

To Prince Leopold was given a collection of large photographs and an artistic and valuable poniard with ivory and gold handle, made in Parahyba state, as well as various private gifts.

The government also offered to the departing royalties the horses, suitably caparisoned, on which they had made the excursion to the zootechnical post at Pinheros.

## EIGHT MILLION BRITISH WORKERS WILL BE INSURED

London, (By Mail)—Eight millions of British workers become automatically insured against unemployment under the Unemployment Insurance Act of 1920 which has just come into operation.

This new act extends compulsory insurance against unemployment to practically all persons in receipt of remuneration not exceeding 250 pounds a year.

After a "waiting period" of three days of unemployment, beneficiaries become entitled to 15 shillings per week for men, 12 shillings for women seven and one half shillings for boys under 18 and six shillings for girls under 18.

To qualify for benefit an insured person must not quit his or her job without good cause, and must have not been discharged for misconduct or have gone on a strike. There must also be no refusal of a suitable job offered, and should a dispute arise on the question of "suitability," the insured person may appeal to a court of referees. Not more than 15 weeks benefit may be drawn in any one insurance year.

Employers are free to set up insurance schemes of their own giving equal or greater advantages. The state rate of contribution to such special schemes of contracts will not exceed 30 per cent of the amount paid to the general scheme, as it is taken for granted that in industries with insurance systems of their own, the rate of unemployment will be lower than in other trades.

## MAKES INTERNAL LOAN OF BIG SUM

Lisbon—It is announced that the Portuguese government has made an internal loan of 6,000,000 pounds. This is expected by Portuguese financiers to have a beneficial effect upon the rate of exchange. There was some improvement in this respect immediately following the announcement.

The government has made a contract for a supply of foreign corn to be sufficient, with the home product to supply the needs of the country.

## LEGION HOLDS BOXING BOUTS

Will Elect Officers For Hughey Post At Next Meeting

Boxing and a social hour that has rarely been equalled in former meetings featured the Thursday night session of the Paul H. Hughey Post, American Legion, in Memorial Hall.

To several members of the Legion who had applied for their Victory Medals and who had not received them the Hughey Post made the award. It almost completed the distribution of medals for which application had been made through the Legion.

In preparation for the election of officers at the next meeting a nominating committee composed of Williams, Craig and Fogle was named. It will be the duty of this committee to select a fitting voting list of candidates and submit it to the Legion for approval.

Four boxing bouts were staged and met with appreciation. "Tar Jackson" and "Booger" Burns, two fast colored boys, were in the ring for the main event and milled three rounds. The bout that drew greatest applause and which was featured by more aggressiveness than usual was between two one hundred pound lads, Owen Drake and Ford Rumer, for four rounds. "Dutch" Craig and Julian Keir went one furious round as did also Leroy Thompson and Frank Beck.

W. E. Palmer gave his services as referee and Marks was timer.

## BOOKING FAST TEAMS FOR THE TRIANGLES

Judging by the crowd that attended the opening game of basket ball at the Y. M. C. A. Wednesday evening when the Triangles defeated Cedarville College there is intense interest in the game this season.

Manager Harold McLean is busy arranging a satisfactory schedule that will bring the fastest teams here. The Triangles are now dated until January 12 and other games are fast being booked.

Next Wednesday, the 15th, the Columbus Greys, known here as one of the fastest teams out of Columbus, will meet the Triangles.

The following week, December 22nd Williamsport, an old rival of the local squad, will appear on the Y. M. C. A. gym. The White Stars of Springfield are scheduled for January 12th.

Negotiations for a game on Jan. 2nd with the Pure Oil Company team of Columbus have been started. It is hoped that a game with this team will be arranged because of the fact that two former local boys, Joe Wyman and Chester Reeves, are members of the squad.

## AGRICULTURAL STATISTICS OF FAYETTE COUNTY

Land and Buildings In  
County Increase More  
Than \$22,600,000 in Ten  
Years.

Increased Acreage Under  
Cultivation, According to  
Census Figures.

The bureau of the Census has just issued important statistics on agriculture in Fayette county, comparing figures of 1920 with those of ten years ago, showing growth or decline in the various branches of agriculture during the ten year period.

The preliminary announcement of the census bureau gives the following figures:

Number of farms in the county 1757; in 1910 the number was 1,846. Decrease 3.2 per cent.

Number of farms operated by white farmers in 1920, 1,569; in 1910, 1,531. Colored farmers in 1920 was 18, and in 1910 the number was 15.

Farms operated by owners and managers in 1920, 895; in 1910, 1,104; decrease of 19.8 per cent.

Farms operated by tenants in 1920, 862; in 1910, 749; increase of 8.1 per cent.

Total area of land in farms 249,700 acres in 1920, as compared with 249,130 acres in 1910; increase of .2 per cent. Number acres improved, 1920, 235,262; in 1910, 234,463; increase .3 per cent.

Total value of lands and buildings, 1920, \$46,493,187; in 1910, \$23,838,545. Increase in valuation since 1910, \$22,654,642, or 95.1 per cent.

Domestic animals, number:

	Jan. 1920	April 1910
Horses	10,278	11,639
Mules	468	409
Cattle	18,238	15,350
Sheep	15,080	24,025
Swine	79,309	93,560

Attention is called to the fact that the figures on domestic animals in 1910 are not very closely comparable with those for 1920, since the present census was taken in January, before the breeding season had begun, while in 1910 census was taken in April, or about the middle of the breeding season, and included many spring calves, colts, hogs, etc.

Number of acres of grain and amount harvested is announced as follows:

Corn, 1919, 74,476 acres, 3,752,009 bushels; 1909 82,167 acres, 3,841,506 bushels.

Wheat, 1919, acres harvested 52,009; 3,841,506 bushels; 1909, 41,674 acres harvested, 1,032,315 bushels.

Oats, 1919, acres harvested 6,913, produced 262,691 bushels; 1909 5,952 acres, produced 167,869 bushels.

Hay, 1919, acres harvested 14,450, producing 20,799 tons; 1909, acres harvested 17,243, producing 23,603 tons.

## DRECO WAS FIRST MEDICINE TO REALLY DO ME ANY GOOD

Was taking medicine all the time but none seemed to hit the right spot. Was always bilious restless, nervous, bad taste in mouth, but the great herb remedy knocked it out for him.

"I had to be taking medicine all the time yet I didn't seem to be getting rid of my troubles till one day I got some Dreco and it went right to the bottom and cleaned me out," said Mr. George Felder, the well known farmer near Caledonia, Marion Co., Ohio. "I was bilious all the time; had headaches, dizzy spells, bad taste in my mouth and my breath was foul, I was so restless and nervous that I couldn't get a night's sleep. My stomach didn't seem strong enough to digest my food and dyspepsia had a hold on me."

"I bought some Dreco as I heard it spoken of very highly and that the first medicine that ever did me any

real good. It got my bowels moving nicely, cleaned the excess bile from my liver, which relieved my headaches and stopped the dizziness. My nerves calmed down so that my rest at night was good. My stomach feels a great deal better, being free of gas and no griping pains. Dreco sure did help me and I see a decided change in my condition."

The old fashioned roots and herbs are the best medicines for us to take. Dreco contains the juices and extracts of twelve different herbal plants which act on the stomach, liver, kidneys, bowels and enrich the blood. Get Dreco today.

### PRESIDENT TALKS OF HIS TROUBLES TO NEWSPAPER MEN

Port Au Prince, (By Mail)—The President of the republic of Haiti, Philip Dartiguenave, sat for nearly two hours in the reception room of his palace the other day and discussed with American newspaper correspondents the trouble and hopes of his people. Toward the end he became extremely emphatic and bitter in denunciation of some of the American officials with whom, as president, he must deal.

It was an unusual spectacle. The President was speaking directly for publication. After each sentence he hesitated while the palace interpreter translated from French into English, and he hesitated again until his words were put down. A lieutenant colonel of marines, attached to the army of occupation, now trying to help Haiti into better paths, sat beside him silent.

The room was as bare as the parlor of a boarding house in some big industrial center. A crayon portrait of the President was the single wall decoration. Two pieces of furniture that might serve as hat racks stood against the wall, and ranged around a green rug of ordinary worth were probably a dozen chairs precisely like those found in the dining rooms of hundreds of humble American homes. There was nothing to suggest the time honored idea that a palace of a President is filled with priceless things. They are making handsome rosewood fixtures in France for the palace, not yet completed, but as it stands today it is bare to a degree.

### RADICAL CUT IN ACREAGE FOR COTTON IN 1921

Memphis, Tenn. — Radical reduction of the cotton acreage in every state where the staple is grown and the planting on the surplus acreage in cotton's place of something that man or beast can eat are the objects sought by the cotton convention which meets here Tuesday and Wednesday. Representatives of clearing house associations, chambers of commerce, officers, directors and members of the American Cotton Association, farmers' and merchants' associations and all interests allied with the cotton-growing industry have been invited to attend.

There will be general discussions

for extensive campaigns in every southern state to carry on diversification of farming. The executive committee has expressed itself as wanting to see that the farmers of the south grow more live stock, more poultry and more of everything but cotton, and bring this forcibly before them a campaign will be launched that will reach every land-owner's door.

### RED PROPAGANDA RESORT TO AN OLD SCHEME IN WORK

Amsterdam, (By Mail)—Bolshevik propaganda experts, anxious to avoid discovery of the propaganda matter they are taking to America, are said to have resorted to the old war-time dodge of having their printed matter done in microscopic form, capable of being enlarged photographically.

One man, who was caught in Central Europe, had in his possession a number of queer looking postage stamps upon which were printed Soviet propaganda matter. The authorities were able to enlarge this to ordinary size.

The propaganda university which has been established at Moscow is reported to be now devoting extraordinary care to literature intended for two particular classes—women and farmers.

The women are urged to join the International Women's Communist associations of which branches are to be established in America and the latter are urged to form farmers' communes with the ultimate purpose of creating "Farmers' Red Guards."

### INDIAN BOYCOTT AGAINST BRITAIN GAINING GROUND

New York—The progress of the boycott movement of the native element in India against the British Indian government is given in reports from India reaching the India Information Bureau here. The reports state that since the boycott began many natives have resigned from offices under the government; four colleges have closed as a result of the agitation, with a growing student-strike movement through the country and an almost complete boycott is under way of the government elections scheduled to take place in a few weeks.

For the first time since the inauguration of the boycott, the British Indian government has issued a statement of its attitude toward the movement, according to despatches just received by the India Bureau. The statement says that no repressive action will be taken by the government "for it considers that such action should only be employed in the last resort, when, indeed, failure to adopt it would be a criminal betrayal of the people."

Too many men think they are thinking when they are merely loafing and wishing.

### The Ford Coupe

More and more this fine enclosed car for two—but it will carry three—is growing in popular demand. Strongly built, the body rests upon that marvelous Ford chassis. It brings to its owner every modern-day convenience; easy riding—while sliding plate glass windows make it breezy and cool in hot weather; dust-proof and water-proof when the windows are closed—it is cosy and comfortable in inclement and wintry weather. Then there is the durability of the car, coupled with the low economy of first cost and the saving of money in operating expense. Behind it, and every other Ford car, is that unsurpassed "Ford After-Service" which is given by the army of Ford dealers scattered all over the country, together with some 15,000 authorized garages, until the Ford owner is always within immediate touch of dependable, reliable service, where the genuine made Ford parts, and the genuine Ford methods are applied in the care of this car.

The Ford Coupe administers to a great variety of owners, from the physician to the traveling man, from the engineer to the architect, and then for a pleasure car for two it is unbeatable. We ask your early order if you want a Ford Coupe, because we want to make delivery as quickly as we can but we must have a little time. Come in and talk it over.

## We Can Hope, Anyway

The sixty-sixth Congress has again convened, this time in final session, at the nation's capital.

While there is a tremendous amount of vital work facing the legislative branch of the government and while the affairs of the nation, domestic and foreign, are in a very disturbed condition, business men, manufacturers, farmers and workers groping in doubt as to what the future will bring, it is exceedingly doubtful if the present Congress will do anything save mark time until it ceases to exist.

Public expenditures, taxation, immigration, foreign relations, especially as they affect our own affairs are some of the problems which must be fearlessly faced and solved before we, as a people, can effectively start on the work of readjustment and the development of any permanent policy of business.

The problems confronting Congress are such, of course, that they must be given careful consideration before definite action is taken. We must not act hastily and then be compelled to pay a staggering bill for our folly, but the people are anxious and impatient that some of the more pressing and some of the simpler problems be disposed of without the delay incident to long sparring among political factions and leaders for partisan or personal advantage.

What a glorious thing it would be if the members of Congress would forget politics entirely, forget factions and parties and begin at once, in a united effort, the work of solving the nation's problems and building the permanent foundation laws and treaties upon which is to be erected America's future business.

The American people are weighed down with paralyzing uncertainty, with taxation burdens and menaced by the lack of proper protection against foreign immigration. Those problems, especially those of immigration and taxation, could be disposed of finally and at once if Congress would rise to the demand of the people and the need of the nation and forget politics. The more complex problems could wait for the coming of the new Congress on March fourth.

Maybe the last days of the sixty-sixth Congress will surprise us all, agreeably and, finishing with some real achievements, cause us to forgive, even if we cannot forget, the omissions of the earlier days.

## A Handsome Act

Once in a while—and it seems a long while too—something occurs which re-establishes us in our faith that in spite of all the noise and confusion, rough talk, charges and counter charges, we are really improving in our political ethics.

On Wednesday Governor Cox telegraphed to Senator Harding that he would be glad to appoint Senator-elect Willis if the President-elect desired to resign his seat in the upper branch of Congress to go, unhampered by official duties, about preparing for assuming the duties of office next March.

Governor Cox will hold office until next January and as chief executive of the state, should Senator Harding resign it would be his duty to appoint his successor. While the tenure of office of that successor would be short, it would be sufficient to decorate some "staunch partisan" as a reward for favors.

This opportunity Governor Cox waives and pledges himself to appoint Senator-elect Willis.

It is a little unusual for politicians to do those things and it is fine proof of real bigness in Governor Cox to make the offer. True, it is what he should do—no more than the right thing to do—but so often politics prevents just those courteous helpful turns that we appreciate it when an official rises to the occasion.

It is an offer worthy of Governor Cox and does him credit.

Yes, we are improving.

## It's All Right Here

The coal piles have not dwindled at so rapid a rate as we feared they would in the early days of November and those of us who could not go South have had cause to congratulate ourselves rather than cause to pity ourselves.

Ohio's climatic conditions are improving.

## POETRY FOR TODAY

SHUT IN

Mine is the Land of Counterpane,  
Bounded by four walls painted white,  
Furnished with windows, wide and high,

Through which I peer out at the sky  
That bonds so close all day and night,  
In stormy weather drops of rain  
Tap 'gainst the windows cheerily.

As though to give a greeting gay:  
'Tis fun to watch them as they run  
In little rivers, till the sun  
Comes out to drive the clouds away.

And smiles down in my room at me!

Treetops and winds are friends, who try  
To gossip of strange far-off lands,  
An all the birds sing over head  
To me, who, in my narrow bed,

A prisoner with folded hands,  
Just watch the outside world go by!

## MANY PREDICT HAYS WILL BE CHOSEN MEMBER OF NEW CABINET

If Party Service Was to be Basis  
Then G. O. P. Chairmen

Would be Entitled to Post  
Beyond All Question

Critics Regard Hays As Capable  
Of Filling Any Position

BY MARK SULLIVAN  
(Copyright 1920)

Washington, D. C., December 19—

There is much talk of Will Hays as a Cabinet possibility. If the Cabinet offices were distributed on the basis of party service, Will Hays would be entitled to be offered one.

Of course, Will Hays himself would be the first to recognize that there is no such thing as a claim on a Cabinet office. The Cabinet is the President's family, and he is entitled to choose it on whatever basis of personal judgment or personal comfort he may wish. That is the reason why all this discussion of cabinet possibilities is a little distasteful and is undertaken a little reluctantly. But Will Hays is so obvious in this kind of discussion that there is less hesitancy about mentioning him.

The Sad Case of Hitchcock

Even if there were any such thing as a claim on a cabinet office—which there is not—it could not be said that to have filled the office of national chairman of the party gives the holder any right to expect a cabinet office.

In the past twenty years of American politics I can recall only two national chairmen who became a member of the cabinet. They were George B. Cortelyou and Frank Hitchcock. The latter managed Taft's campaign in 1908, and Taft offered him the office of Postmaster General. There was peculiar appropriateness in this for Hitchcock was already Assistant Postmaster General. Hitchcock didn't want to take the office, but Taft insisted. In the end, I imagine, they both regretted it.

Hitchcock, as national chairman, had had command of all the party workers throughout the country, and in a sense, had put himself under obligations to them. They in turn, when they wanted patronage for themselves or for their friends, looked to Hitchcock to get it. Hitchcock became a kind of resident ambassador at Washington for all the office seekers in the country. The result, of course, was that every other cabinet member rather set himself against Hitchcock.

Hitchcock as Postmaster General could take care of a good deal of patronage, but when there was a vacancy in any other department and one of Hitchcock's party workers wanted it, the party worker suffered rather than benefited by Hitchcock's presence in the cabinet. It was a painful situation to Hitchcock, to Taft, to the other cabinet members, and most of all to the party workers.

Hays an Organization Marvel

The experience of Hitchcock and Taft is, of course, no reason why Hays should decline a Cabinet office if it should be offered to him. Conditions in this case are different in several particulars from what they were in the Taft-Hitchcock case. But there are other reasons why Hays might or might not wish to have Harding offer him a cabinet position. On the other hand Hays is entirely capable of filling any one of several cabinet offices, not merely with success, but with distinction.

To say Hays has ability is rather too obvious in view of the recent election. But even if the Republicans had lost the election, no one who had any contact with Hays would have altered the opinion that in his line he is an extremely able person.

His ability obviously is chiefly in the line of organization and energy. He has an excellent sense of organization, and his capacity to supply that organization with driving power was always the marvel of those who looked upon his frail physique and pallid countenance. If anything, Hays is almost over-energetic. He is active to a degree that leaves him no time for that kind of ability which lies in the field of reflection.

How Hays Gets Decisions

If Hays has a problem that involves thought and reflection, his way of solving it is to run over a list of prominent Republicans, pick that one who has the best capacity for thought in that particular line, turn the job over to him, and tell him that a judgment and decision will be called for at 5:45 o'clock the following night.

THE SOVIET MONEYLESS DECREE STRIKES A RESPONSIVE CHORD IN HOBOLANI

Hays functions along the line of organization exclusively. He doesn't attempt much else. I have sometimes thought he did himself an injustice in this, for he has the capacity for reflection, if he choose to rely on it, and a decidedly marked capacity for the aphoristic expression of common sense. But Hays confines himself to organization.

In that line his activity is prodigious. He will be engaged in an important conference in Indianapolis. At 11:30 p. m. he will adjourn the conference to meet at 2 the following afternoon. Then he will take the mid-night train to Chicago, keep an engagement with some at breakfast, take the five-hour train back to Indianapolis, and resume the conference as per schedule. He will call you up on the long distance telephone at such extraordinary hours that many folks doubt whether he ever sleeps at all. He will keep an engagement at Portland, Me., on Monday, in New York on Tuesday, in Chicago on Wednesday and so on across the continent—all the time keeping a stenographer busy on the train and making innumerable engagements by long-distance and telegraph.

A Typical Small-Town American

What is even more engaging than ability, Hays has character. It is not usual to find an elder in the Presbyterian Church and a successful politician in one and the same 100 pounds of flesh. Anybody who had contact with the management of the recent campaign knows that as a politician Hays does nothing inconsistent with being a Presbyterian elder. Whether as a Presbyterian elder he does anything inconsistent with being a politician is something that only the members of the Presbyterian Church of Sullivan, Ind., can say.

It is one of the engaging things about Will Hays, and one of the things that made him useful and successful in his job, that he is typical of Sullivan, Ind.—one of those small cities of 10,000 population or less lying a considerable distance from any big city, serving as the county seat of a rural farming population—the kind of town in which the best of American is to be found.

In New York or Chicago or Washington when you found Will Hays sweating away at his job on a hot August afternoon, you often thought that if you had a home in some such lovely little town as Sullivan, Ind., is; and if that home were on as attractive a maple shaded street as the main street of Sullivan, Ind., is; and if you had a wife and child there as Will Hays has; and if you were the town's leading citizen and had maintained the position your father bequeathed you, of being the town's and the county's leading lawyer; and if you were a pillar of the local church and had the pride and confidence of everybody in the town high and low—if you had all these blessings, you reflected, you would stay in that town and spend the hot August afternoons sitting on the front porch and calling "Hello Bill!" to every other man who passed. If you had that kind of a position in that

kind of a little town, it would take a strong personal ambition and a strong sense of public duty to spend as much time away from it as Will Hays has spent during his term as National Chairman.

## Shopping for Christmas Gifts May Be All Right

However, when you are purchasing new tires for the automobile "shopping" is not as satisfactory, nor as advisable. This is true from the very fact there is nothing to be gained by shopping for tires.

It is quite possible to find "bargain" prices but you seldom find bargain goods—meaning standard tires at "cut" prices. That's the big reason why it is good policy to find a good tire, a good dealer and stay close to them. You'll always get value received in the tire and more apt to get satisfactory service from the dealer.

However, if your Christmas list includes someone who owns an automobile, perhaps a new casing, or a new tube, or some tire accessory would be appreciated, and we'll help you decide.

## CONSIDER NEW PLAN FOR TITLE TOURNEY

A communication received recently by Washington High School from F. R. Harris, superintendent of the Greenfield school, is to the effect that the South-central Ohio basketball tournament will be held under a different plan this year.

According to Mr. Harris the team entered will play a schedule of four games each instead of an "elimination" series as has been the custom in time past.

If defeated in the first game, it would not necessarily mean the retirement of that school from the tournament. The team completing its schedule with the highest average will win the cup.

Superintendent Harris has submitted the plan to the contesting schools for approval. The local school officials approve the new system and it is believed that other schools will also reply favorably.

It is of interest to local fans to know that Greenfield and Washington High have been scheduled for the final game on Saturday evening and will meet as the headline attraction if the new plan is put into effect.

## Lawyer Tells How He Gained Weight and Strength By Taking Bitro-Phosphate.

Earl Drake, an Arizona lawyer, makes an interesting report on the use of Bitro-Phosphate for overcoming weakness, nervousness, etc. He says: "I was all run-down, nervous and thin. In six months' time I gained 12 pounds my nerves became steady, my appearance improved and I can now do everything that requires nervous energy." Scores of weak, nervous people should profit by this lawyer's experience. Bitro-Phosphate is inexpensive, safe to take and can be obtained from Blackmer & Tanquary or any good druggist.—Advt.

## DERVISH LEADER NOW IN ABYSSINIA LOSES FOLLOWERS

London (By Mail)—The "Mad Mullah," the dervish leader, who seems to bear a charmed life, is now in Abyssinia safe from British pursuit but of his numerous wives, sons and relatives, only his eldest son and a brother escaped with him.

In the British campaign against him 60 of his personal followers were killed, including seven of his sons, seven close relatives and four of his advisors. Six sons, his five wives, four daughters and two sisters were captured.

Picturesque details of the fruitless attempts to capture the dervish chieftain are given in an official dispatch from Geoffrey Francis Archer, the British governor of that protectorate.

In the early months of this year, the dervish forces were completely routed, but the Mullah himself once more got away into the interior. Bombing airplanes were used in the campaign and the dispatch records that on the approach of the first air squad, the Mullah collected his people around and awaited their coming under a white canopy used on state occasions.

Some dervishes afterward reported that the Mullah saw in the airplanes "a divine manifestation," that he had been told that the machines were Turkish and came from Stamboul (Constantinople) to convey the Sultan's greetings.

It was during this first air raid that the Mullah narrowly escaped with his life. His robes were singed by a bomb and he afterwards prudently took refuge in caves.

### WOMAN LEFT CAR PROBABLY USED BY BANK BANDITS

Considerable interest is manifested  
in the accompanying dispatch from  
Lima regarding the automobile sup-  
posed to have been used by the band-  
its who robbed the Grove City bank  
and would seem to bear out the  
theory advanced that the burglars  
switch machines and allow a woman  
to drive the conspicuous machine  
while the bandit gang uses a Ford or  
some other inconspicuous machine.

"Lima police are puzzled over the  
abandonment here last Friday of a  
maroon touring car believed to be  
that in which the Grove City bank  
bandits escaped earlier in the day.  
The machine was left in an alley in  
front of the Morris Arcade less than  
half a block from Lima's busiest cor-  
ner.

"And it was a woman who drove  
the car into the alley on Friday, it  
developed yesterday. J. F. Quinn told  
police that he had seen the car driven  
into alley by a woman attired in  
black. She quickly alighted from the  
auto, Quinn said, and disappeared.

Police found seven soiled caps, a  
bottle of ether and several road maps  
in the car.

"The touring car was identified as  
the property of E. J. Goodman, 854  
Bryden road, Columbus. License num-  
bers on the car stolen from Goodman  
had been removed and placed in the  
tonneau and others, stolen from the  
S. L. Wright car, at West Jefferson,  
O., were substituted."

### FARMERS MEETING OPENS JANUARY 31

Ohio's ninth round-up of all the  
major agricultural interests of the  
state will be held at the Ohio State  
University at Columbus during Farm-  
ers' Week, from January 31 to Feb-  
ruary 4.—At that time over a dozen  
of the principal state agricultural as-  
sociations will hold their annual meet-  
ing and the latest information on the  
farm and home will be offered by col-  
lege and experiment station workers  
from this and other states.

Attendance at this event has steady-  
ly increased, until last year 6,000 bona

### RAILROADS VARY IN WIDTH CAUSING MUCH DIFFICULTY

(By Associated Press)  
Santiago, Chile, (By Mail)—Diver-  
sity in railway gauges in use in the  
southern republics of South America  
is one of the difficulties facing rail-  
way officials in this continent who are  
trying to facilitate international train  
service. In the Argentine the gauge  
mainly in use is 1,435 meters; in Bra-  
zil a meter and in this country, 1.68.

Travelers from Argentina to Chile  
must change trains at Mendoza, Ar-  
gentina, where the wide gauge ends  
and a meter gauge crosses the Andes  
to the Chilean town of Los Andes.  
Here another change must be made  
since virtually all the Chilean state  
lines, including the Longitudinal rail-  
way of 1,620 miles are 1.68 gauge. If,  
however, the traveler's destination is  
northern Chile he proceeds to Valpara-  
iso on a wide gauge then changes again  
to a meter line. If he wishes to visit  
copper mines in this vicinity he must  
also change at Santiago or Rancagua.

A traveler may proceed by rail from  
Buenos Aires to Bolivia but he must  
change trains in Tucuman, Argentina,  
where the wide gauge ends. He then  
rides over a narrow gauge state line to  
the frontier. A similar diversity in  
gauges exists in connections from the  
River Plate countries to Brazil.

# SUFFERED A NERVOUS SHOCK STATES NURSE

Had To Have Something To Pull Herself Together And Chose Tanlac, Which Did The Work, She Declares.

"Mrs. A. I. Mercer, who has been a practical nurse for the past twenty years and resides at 655 Neave street, Cincinnati, Ohio, made the following statement regarding Tanlac in a recent interview.  
"Eighteen months ago I suffered a severe nervous shock and suddenly found myself reduced to the necessity of earning a living for my three children and myself. Two months later I reentered the ranks of practical nurse, and have worked continuously since not even stopping a day for rest.  
"Almost before I realized it I was on the verge of a breakdown. My nerves were shattered, I had no appetite and ate only because of necessity. My condition became aggravated by insomnia, and even when I had opportunity I could not sleep.  
"I knew I had to pull myself together, and a tonic was essential to help me right myself. I chose Tanlac and began taking it. The first bottle produced very gratifying results, as I began to improve at once.  
"I took another bottle and still another and my gain was continuous. My nerves quieted, my appetite has become normal, my strength has returned and my powers of resistance much increased. No longer do I need to coax sleep, but sleep soundly and sweetly every opportunity.  
"I have gained ten pounds in weight, and what is more gratifying still, I have regained my composure and can perform my work now with satisfaction to my patrons and myself.  
"While taking Tanlac myself I noticed my fifteen year old son seemed to have a touch of malaria, so I gave him Tanlac with splendid results—his improvement has been most gratifying.  
"Because of the benefits derived from the use of Tanlac by my son and myself, I am glad to give this testimonial."  
Tanalac is sold in Washington by C. S. Haver, in Lowell by Mason's Drug Store, in Jeffersonville by J. B. Davis, in Octa by J. W. Murphy and in Mill-edgeville, E. L. Ford Sons, Lee Or-tman Selden.—Advt.

# U. S. OFFICIAL PRAISES STAND OF THE FRENCH

Dedicates Monument To The Heroic Frenchmen Who Fell At Verdun.

"Fought For France Conquered For Humanity," Says Wallace.

(By Associated Press)

Verdun, December 8.—The American Ambassador, Hugh Wallace, speaking here today at the inauguration of the Bayonet Trench monument, said in part:

"Verdun is the new Thermopylae where civilization itself does homage to France. The ground is hallowed and we view it with awe. Yet we cannot withhold our tribute of thanksgiving and praise. With loving hands we erect this monument, with anxious care we seek to express the thoughts that surge within us; but it is in vain that we hope that what we say and do here are adequate to the occasion which calls them forth. Our monument will crumble and our words soon be forgotten but Verdun and what she stands for are immortal. The martyred city is her own monument and such a monument as exists nowhere else on earth.  
"Great is the glory of France as she thinks of Verdun as her own. Overwhelming is the debt of gratitude which she here imposed upon the world. For at Verdun France faced the Hun alone, and the victory which once again saved civilization was her victory and none may share it. Let us say this in deep devotion to the Frenchmen who fought and died here and to the land which gave them birth. They fought for France, but they conquered for humanity, and theirs alone are the glory and the praise.  
"If aught that we speak here today be preserved in the memory of men, let it be this confession of gratitude to France; the thanks of the world to her and to her noble sons who stood in the breach—not of the Allies' line alone—but of civilization itself; who fought and died here, but died victorious. So great a debt cannot be repaid. What we seek to do here today is but to mark our recognition of it.  
"This stone comes from America, and as her representative, I dedicate it as a symbol of that gratitude which our national friendship will make eternal. It is good to do this and to be here and I am greatly honored in the opportunity; but if on such a field and in such a presence I venture to put my own thoughts into words it is because I may properly say what the distinguished President of the Republic would in modesty forbear.  
"France has no more eloquent son than her chief magistrate, but even he cannot gild her glory. It streams from the hills which surround Verdun and points a golden line down the valley of the Marne. It envelops her living children who stand on guard on the ancient frontier now happily restored to her, and it enshrines forever the memory of the dead, who, like the heroes of the historic trench before us, stood for France, and dying, live in deathless fame."

# POOR BLOOD IS JUST LIKE SLOW POISON

Makes You Feel Lazy and Discouraged. You Get Nothing Done

## PEPTO-MANGAN PURIFIES

Tune Up Your Blood With It Notice the Difference with Rich Red Blood in Your Veins

The man or woman or the child with a sickly-looking complexion, a pale wan face, has blood that is filled with poison. Instead of rich red blood coursing through their veins, they are trying to get along with blood that is weak and thin. It doesn't carry life-giving qualities through the body. You see those men and women every day. They are so tired. Their shoulders droop. They slouch. It is all they can do to get around.

As soon as you begin to feel that way take Pepto-Mangan, the well-known blood tonic. It will clear away the poisons and makes your blood rich with red corpuscles.

Pepto-Mangan is prepared in both liquid and tablet form. One has the same medicinal value as the other. Take either kind you prefer. But be sure you get the genuine Pepto-Mangan—"Gude's." The full name, "Gude's Pepto-Mangan," should be on the package. Advertisement
